# About us

iGate Design corp, located in the heart of Vancouver, BC, is your trusted partner in revolutionizing driveway doors with smart technology solutions. In both Canada and the United States, we understand the unique challenges posed by climate and security, and we are dedicated to simplifying long-standing issues with innovative solutions. Our commitment to excellence is reflected in our use of cutting-edge materials, advanced technology, and wireless connectivity to craft driveway doors that offer unparalleled convenience, security, and durability. As a proud Vancouver-based company, we are passionate about raising the bar in smart access control. Currently, we are on a journey to expand our business further across Canada, bringing our state-of-the-art driveway gate technology to more homes and businesses. With iGate design, you can trust in a seamless blend of form and function, backed by a commitment to the utmost in quality and innovation.

## New Model **TIDALGATE** *Inspired by nature*
